BUSINESS OFFER

Distributors, Retail chains.

ABOUT THE COMPANY

We believe that supreme taste is the defining quality of sweets, and unforgettable taste can only be acquired by selecting ingredients of the highest quality.

It is our conviction that we stand by no matter what. Our dream is that every piece of confectionery we produce is a small but powerful testimony of our fanatical dedication to the quality of the ingredients we source: from organic milk that is used to produce cream fudge to the most delicious fruit that arrive at our factories from the distant Chile.

Ready to travel the world

As you see, we are prepared to travel the world just to produce the best results. Moreover, we are proud and delighted to invite you to discover the process of producing sweets.

We are bound and determined to guarantee full transparency. Whether it's the recipes we've developed and perfected over three generations, the process of sourcing ingredients or the loving care with which we craft our products – we are an open book. Because that is the only way we can cross our hearts and say that we sell only products of excellent taste and highest quality.

BUSINESS OFFER

We are one of the largest firewood producers in Baltic States producing and selling highest quality Ready to Burn certified firewood and kindling from Latvia, made from Latvian PEFC certified timber only.
We work with many large corporate buyers and you will find our firewood in many of the worlds largest DIY store chains, petrol stations and grocery stores. We also work with smaller clients and we are happy to supply more and more people with our highest quality firewood.

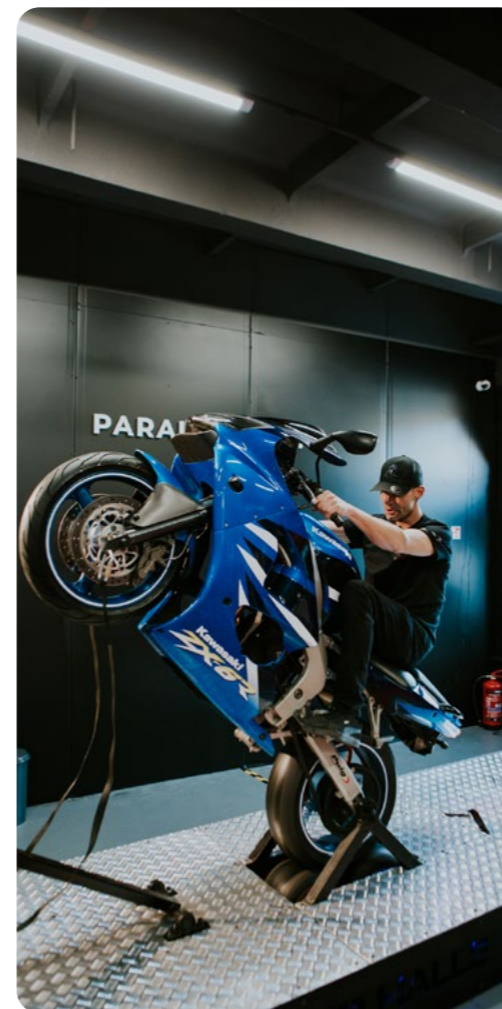

ABOUT THE COMPANY

We produce kiln dried logs and kindling and export our products all over the world. Buying from Woodmill Firewood you are buying straight from the producer and you can reach us anytime.

Woodmill Firewood produces a total of 45-50 containers of kiln dried firewood and 2-3 of kindling every month. We produce with 11 Palax wood processors, 500m3 of kiln space, 4.5 MW of kiln heat power and 3 packaging lines. We process around 2500m3 of round timber every month. We have storage space for 2400+ pallets which we use to store firewood for our clients during summer months.

Beside our standard firewood packaging options, we can produce any crate size and fill our firewood in various types and sizes of bags, use and produce any labels or barcodes needed, whatever our client prefers.
