A celebration of **EU-TAIWAN** Partnership & Collaboration

Taiwan is an island full of vitality, with warm people, breathtaking landscapes and little jewels to be found everywhere. As a beacon of freedom in Asia, Taiwan prides itself on being a democratic nation that values human rights and freedom while warmly welcoming diverse cultures and ethnicities from around the world.

Over the years, Taiwan has become a country of innovation and technology, constantly reinventing itself and adapting to the ever-changing world. Today, Taiwan plays a crucial role in global supply chains, such as semiconductors, 5G, electric vehicles, biotechnology, etc.

For the first time, we are bringing the Taiwan Expo to Europe to showcase the best of Taiwan, from our advanced technologies and innovations to our fascinating soft power, highlighting green, digital, and cultural aspects.

It is a flagship platform to discover and know more about Taiwan!

Together, let us sow the seeds for a better world and cultivate a more sustainable future through Europe-Taiwan cooperation.

*We sincerely invite you to attend the exhibition.
You will find splendid ideas and excellent
products at the expo.*

Smart Eco Mobility
